

THE JAMES FAMILY

SERVING IN WALES

In September, we will have been back in America for one year. It's been great to be able to connect again with so many churches and people while we've been itinerating. This coming year, we will be serving at Nelson University (formerly SAGU) working with the missions and family ministries departments. We are still AGWM missionaries and are so grateful for your support. Pray for us as we use this opportunity to pour into the lives of students called into missions and children's ministry. Having this additional time in America is very helpful as Mike's mom is needing more support, and we have been able to move in with her to help her.

This summer, we spoke at the VBS for three different churches. It was so much fun, but the last one was pretty special since we spoke at part of Grace's VBS. At 24, she wrote and lead her second VBS, and we couldn't be more proud of her! Speaking of VBS, our church in Wales ran theirs without us this year, and the attendance was the highest it's been yet. Praise the Lord!

In the last few weeks, Samuel has started 6th grade and is now a middle schooler. We've also added a puppy, Petey. To say that Samuel is in love with him is an understatement!
